

Missions Update

From bulletin: December 19, 2021

MISSIONS FOCUS: J&D, access challenged location

Our Missionaries, their health and ministries affected by Covid-19

From today's bulletin

God has not allowed them to take the next steps, getting a visa has been nearly impossible due to COVID-19 and the different variants right now.

They are hoping to leave sometime at the beginning of 2022. While they were hoping to leave sooner, they are grateful for extra time with family and friends especially during the upcoming holiday season. They are trusting in God's perfect timing and gratefully, they are still able to work and are able to be flexible with this timing. In the meantime, the extra time has allowed them to thoughtfully store/give/dispose of any extra possessions:

One Camp LIFTL handbook from 1997 was especially meaningful as a 13-year-old had written, "My career goal is to work in a company that sends missi***** or something."

God's fingerprints are on our lives whether we recognize them or not - now or later. Prayer: health needs, covid cases will slow down in their intended area of service, people will turn towards God through this suffering, God will make clear when they are to leave and work through them here and away; wise decisions how to spent the time they have here.

Thank you for reading about and praying for our missionaries, countries and people locally and globally!
