

## MISSIONS FOCUS

From bulletin: April 10, 2022

### Larry and Kathleen Leach / Ashley Bauer Yuen

Our Missionaries, their health and ministries affected by Covid-19

From today's bulletin / Missions Report from Missions Team

**Larry & Kathleen Leach** (Brandon, England) sent a request for an Easter Family Fun Day community event this week, Wednesday, April 13 (they are 8 hours ahead of PDST-California time). Pray that seeds of the Good News of the true meaning of Easter will be given and received through this event. Other prayer requests sent this week:

Prayer Requests:

1. D – Needing back surgery for serious condition. Hospital says it might be 40 weeks.
2. N – USAF on training – where or how long, we do not know.
3. K – Opportunity in local school has opened up again after two years for a Bible club.
4. Opportunities in Brandon during June 2-5 for Queen's 70th celebrations throughout UK.
5. Easter Family Fun Day for the community – 13th April.

Many thanks,

**Ashley Bauer Yuen** has stepped down from her position and responsibilities with InterVarsity after 5 years. Since the beginning of 2022, she was busy as the Plenary Coordinator for InterVarsity's Asian American Staff Conference the first weekend of March. This was one of the first In-person meetings where she was able to put names and faces together after working together virtually or from a distance. In addition, she oversaw the production of a Communal Evangelism Training Video in February which will be a resource for InterVarsity. She and Matt have been working on a video series sharing the testimony and stories of her grandparents who have been in Christian Ministry for decades and continue to do so in Wisconsin among the Hmong community. Ashley is asking prayers for rest and God's heart as she transitions with God for this next season of rest and vocational discernment.

The last couple of newsletters from Ashley are attached.

## Thank you for Five Years of Ministry!

Dear Friends,

It has been my great privilege to spend the past five years ministering to college students with InterVarsity with you as my partners. Over this time, God has used us to transform lives with the message of the Gospel. Among other things, I will always celebrate the journey that many students will take to learn and trust in Jesus, in all the big and small ways.

I'll be entering into a new transition with God. My time with InterVarsity will conclude this month, and I will begin a new season of rest and vocational discernment.

Thank you for being part of my ministry. There are so many ways I've felt supported by each of you!

With love and appreciation,

Ashley Bauer-Yuen

## Last AAIV Large Group!

Last Friday, I was invited to speak to AAIV at UW-Madison, so Matt and I drove down for my last AAIV Large Group! 😊

It was so great to see how everyone has grown! I couldn't have thought of a better way to close up my time with InterVarsity than to spend my last Friday with AAIV at Large Group!

## Behind the Scenes | AAMSC

After months of planning, we were excited to finally gather together for the Asian American Staff Conference. I finally got to meet a lot of people for the first time in-person and be with many staff that I've worked with over the years!

As the Plenary Coordinator, I was very honored to be serving Asian American staff across the nation this way. Collaborating with the speakers, emcees, worship team, A/V team, and the creative team was such a great experience!

## Special Conference Video | Sneak Peak

As part of the conference program, Matt and I were asked to produce a video on my grandparent's story. The video isn't being widely shared, however I'm making it viewable to my ministry partners, if you would like to share it please check in with me first!

## Behind the Scenes | Evangelism Project \*sneak peak\*

In February I travelled to Madison to oversee the production shoot for the Communal Evangelism Training Video! A former AAIV Alumna was the onscreen

talent. It was so great to work with Jocelyn. Our media department did such a great job with the video. This resource is going to be so important for our mission.

---

## Prayer Requests

**Pray for Rest!** Conference planning, producing a video, completing two resource project all within two months was a lot of work. I had lots of late nights and problem solving moments. Pray that I rest up after a really busy season.

## Plenary Coordinating for AAMSC Conference!

I am kicking off this year planning this year's Asian American Staff Conference as the plenary coordinator. This month the conference director and I have been planning all the main conference sessions. We are excited for all the speakers, faculty, and creatives will be part of all of our sessions!

## Conference Planning Visit!

Earlier this month, the planning team got to visit the conference site! It was helpful to see the space and imagine how all of our conference components could come to life.

---

## Upcoming Project Production! \*sneak peak\*

Next week I will be traveling to Madison to oversee the production shoot for the Communal Evangelism Training Video! A former AAIV Alumna will be the on-screen talent! (Check out next weeks newsletter for photos)

The following week will be another production shoot for a video that will be featuring my grandparents at the AAMSC conference! Matt, will be volunteering to help produce that video for the conference!

## Special Thank You for your end of the year gifts!

The end of the year and beginning of the year has been a whirlwind of events with the holidays, rise in cases, campus adjustments, and all the resource projects ramping up.

Thank you so much for your support that has helped me in this busy season!

## Prayer Requests

**Pray for the AAMSC Conference!** With only a few months away, we are excited and cautious. We are taking all the precautions to safely host our Asian American Staff well. Pray for our planning team as they discern.

**Pray for Ashley's work capacity** - These next three months, I will be juggling and managing multiple projects. Please pray for my overall well-being and capacity.

### **Highlights:**

I got to try a...
