

MISSIONS FOCUS

Our Missionaries, their health and ministries affected by Covid-19

J&D

(Creative Access Location)

From today's bulletin / Missions Report from Missions Team

From today's bulletin:

J & D are highlighted as the missionaries we would like to especially pray for this month.

They were also featured in our April 23, 2023 Missions update. That report contains more information.

The information from the slides show in service are given below!

Our June missionary focus is on J & D, our missionaries to Southeast Asia. For security reasons, we are just using their initials. Please pray for their following prayer requests:

1. continuing to learn the culture and adjust to a new way of life
2. proficiency as they learn a new language
3. opportunity to make friends, build relationships, and engage those open to spiritual and theological conversations
4. that their move to a new city in the fall will go smoothly
5. God's comfort when homesick and missing family and friends
